GENERAL AND REVENUE DEPARTMENTS.

READ—

Memo No. N. Dis. O. C. 2970—Rev. 19-20, dated 26th April 1920, from the Deputy Commissioner, Mysore District, forwarding a representation of Mr. R. Nanaswami Rao regarding his rank in the grade of acting Senior Assistant Commissioners.

(2) Letter No. H. C. 482—19-20, dated 20th April 1920, from the Deputy Commissioner, Kolar District, forwarding a similar representation from Mr M. G. Krishnaswami Rao, acting Senior Assistant Commissioner and Special Magistrate, Kolar Gold Fields.

Order No. 260-1—C. B 225-19-3, dated 17th August 1920.

Government are pleased to lay down the following rule for deciding the relative rank of acting Senior Assistant Commissioners.

If an Assistant Commissioner is promoted to act as Senior Assistant Commissioner in preference to his senior on the ground that the latter has not qualified himself for promotion by passing the Departmental Examinations at the time when the vacancy arises, he will take his rank above such senior in the list of Senior Assistant Commissioners.

2. Mr. Nanaswami Rao fully qualified himself for the Senior Assistant Commissioner's place only in May 1919. The vacancies in that grade previous to that date were accordingly filled by his juniors who had satisfied all the conditions laid down for promotion to the grade. Under the rule enunciated above Mr. Nanaswami Rao's rank will be fixed below that of Mr. M. G. Krishnaswami Rao.

GENERAL AND REVENUE DEPARTMENTS

READ AGAIN—

Government Order No. G. 11538-9—Med. 29-18-2, dated 14th December 1918, directing, among other matters, that the question of granting allowances for the charges, of the three large institutions, Victoria, Krishnarajendra, and Minto Ophthalmic Hospitals be taken up for consideration after a year.

Order No. 271-72—C. B. 284-19-5, dated 23rd August 1920.

Government are pleased to sanction with effect from 1st July 1920, a duty allowance of Rs. 150 per mensem to each of the officers in charge of the Victoria and Minto Ophthalmic Hospitals at Bangalore, and the Krishnarajendra Hospital at Mysore.

2. The Medical Officers in charge of the three hospitals mentioned above will be debarred from private practice excepting consulting practice as defined below :—

Medical Officers who are restricted by rule to consulting practice should not attend patients at the patients' houses, except when called in by the medical man in charge of the case, and should not visit the same patient again, except upon a second requisition. It is open to them, however, to see all patients including applicants for life insurance who visit them at their houses or consulting rooms. They are also at liberty to answer an emergency call outside on the understanding that as soon as the immediate necessities of the case have been attended to, the further charge of the patient is transferred to another medical man.

Establishments of Food Depots.

No. G. 2587-99—P. P. 6-19-391, DATED 2ND AUGUST 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ:—

Government Order No. G. 3625-36—P. P. 6-19-37, dated 13th August 1919, directing that the temporary establishments of Taluk Depots opened in connection with the food supply operations are not entitled to grain compensation and war allowances.

2. Chief Secretary's letter No. G. 26558 -P. P. 6-19-362, dated 27th May 1920, to the Comptroller to Government, intimating that grain compensation and war allowances are not admissible to the temporary establishments sanctioned for the Food Depots in the Bangalore City.

3. Letter No. F. 207-9, dated 3—7th June 1920, from the Comptroller to Government, stating that grain compensation and war allowances were being allowed in the case of District and Mysore Municipal Depot establishments and that pending orders whether the allowances may be continued, the payment of the same to them has been deferred from May 1920.

4. Unofficial Note No. 162, dated 9th July 1920, from the Food Controller in Mysore, on the subject.

Order No. G 2587-99—P. P. 6-19-391, dated 2nd August 1920.

Government are pleased to direct that the allowances sanctioned in Government Order No. Fl. 449-98—S. & A. 23-20-1, dated 19th July 1920, on account of high prices may be given to all the District and Municipal Depot Establishments with effect from 1st July 1920. The grain compensation and war allowances withheld in the case of the District and Mysore Municipal Depot establishments may also be disbursed to them.

2. Government are further pleased to direct in modification of the order dated 13th August 1919 read above, that the high prices allowance may be given to all Taluk Depot establishments also with effect from 1st July 1920. But it is necessary that the number and salaries of the hands employed in these Depots should be revised with a view to keep the cost on establishments as low as possible. They consider that the establishment charges in these Depots including the high prices allowance should not exceed as far as possible 3 annas a palla on the average sales per month. In Depots where the sales are not less than 6 pallas a day, the establishment charges according to this rate would amount to Rs. 33-12-0 per month which would be sufficient for a clerk and a measurer and in places where sales are low, only one hand may be employed or an allowance given to one of the Taluk officials so as not to exceed the rate fixed above. Where sales are in excess of 6 pallas a day the maximum establishment charges should not exceed Rs. 40 a month including the high prices allowance, except in special cases under the orders of Government.

3. The Deputy Commissioners of Districts are requested to take necessary action to revise the establishments of these Depots in conformity with the instructions contained in the preceding paragraph.

Para 2 of Government Order No. 3525 7—San. 132-10-6, dated 10th November 1911, placing Dr. M. Srinivasa Rao, Superintendent of Public Health Institute and Chemical Examiner to Government under the orders of the Sanitary Commissioner in matters connected with the Health Institute, and under the orders of the Senior Surgeon in matters relating to Forendic Medicine.

2. The marginally noted communications from the Sanitary Commissioner and the Senior Surgeon in the matter of submission by the Chemical Examiner to Government, of annual reports on Toxicological work done by him through the Sanitary Commissioner instead of through the Senior Surgeon as at present.

No. G. C. 184-2, dated 27th December 1919, from the Sanitary Commissioner.
No. G. C. 227-2, dated 13th March 1920, from the Senior Surgeon.

Order No. G. 3035-6—San. 14-19-15, dated 6th August 1920.

Under the arrangement ordered, in Government Order dated 10th November 1911 read above, the Chemical Examiner in Mysore, who is also an Assistant to the Director of the Public Health Institute, is under the control of the Senior Surgeon in his former capacity and under the Sanitary Commissioner in the latter capacity. In consequence of this arrangement which was ordered at a time when the Senior Surgeon was the Head of both the Medical and Sanitary Departments, the Chemical and Bacteriological report is being submitted to Government through the Sanitary Commissioner and the Toxicological report through the Senior Surgeon.

2. In view of the fact that the Chemical Examiner in Mysore is an Officer of the Public Health Institute, of which the Sanitary Commissioner is the Director, Government consider that the existing practice which involves dual control might be discontinued and they are accordingly pleased to direct that the Chemical Examiner be placed in future solely under the administrative control of the Sanitary Commissioner.

Government Order No. J. 292-4—Pol. 22-11-1, dated 19th July 1911, empowering the Chief Inspector of Police, Bangalore City, and in his unavoidable absence the Divisional Inspector, to make investigation under Section 174 (1), Criminal Procedure Code, the City Magistrate taking part in inquests only in such important cases as may require his intervention.

2. Government Order No. J. 915-17—Cts. 73-12-6, dated 13th September 1913, issuing similar instructions regarding the holding of inquests in the Mysore City, the Assistant Superintendent there exercising the powers entrusted to the Chief Inspector in the Bangalore City.

3. Government Order No. G. 202-211—Pol. 163-18-2, dated 4th October 1919, sanctioning among other things, the appointment of an Assistant Superintendent of Police for the Bangalore City.

4. Letter No. C. 2438—19-20, dated 23rd March 1920, from the Inspector-General of Police in Mysore, recommending that the power to hold inquests in the Bangalore City may be given to the Assistant Superintendent of Police, who has taken the place of the Chief Inspector, and suggesting that the Government Orders of 19th July 1911 and 13th September 1913, may be modified so as to entrust the work of holding inquests to the Divisional Inspectors generally and in exceptional cases to the Assistant Superintendents of Police.

Order No. G. 4560-63—Pol.—154-19-2, dated 26th August 1920.

In modification of their Orders of 19th July 1911 and 13th September 1913 read above, Government are pleased to direct that in the Cities of Bangalore and Mysore, investigations under Section 174, Criminal Procedure Code, shall ordinarily be conducted by the Divisional Inspectors within their respective jurisdictions and that in important cases, the Assistant Superintendent of Police alone shall conduct the investigation, the assistance of the City Magistrate duly empowered under clause 5 of Section 174, being resorted to in all cases requiring careful and delicate handling. This ought not to be taken as interfering with the discretion of the Magistrates to hold inquests *suo moto* under Section 176, Criminal Procedure Code.

Order No G. 4189-93—Geol. 103-18-12, dated 23rd August 1920.

In view of the allowances sanctioned in Government Order No. Fl. 449-98—S. & A. 23-20-1, dated 19th July 1920, to afford some relief to all low paid subordinates, Government consider that there is no necessity for a general increase in the scale of pay of the clerks and menials of the Departments of Mines and Geology, and are therefore not prepared to sanction the proposals submitted by the Director in this behalf. They also consider that there is no necessity for the increase of the clerical and menial establishment of the two Departments to the extent proposed by the Director. They are however pleased to sanction the appointment of an additional clerk as Librarian and Storekeeper on Rs. 30 per mensem, and direct that the third Draughtsman referred to in the order of 6th July 1920 read above be made permanent on a pay of Rs. 30 per mensem. Details of Survey Numbers in the case of Mineral Licenses granted by Government

No. G. 4838-50—Geol. 58-18-8, dated 31st August 1920.

Read—

Correspondence ending with letter No 584. dated the 23rd August 1918, from the Officiating Director, Department of Geol submitting proposals in regard to the procedure to be adopted in keeping the Revenue Department definitely informed of areas granted under mineral licenses and leases.

2. Correspondence ending with letters Nos 113 and C. 524—Geol. dated the 22nd November 1918, and 28th December 1918, from the Superintendent, Revenue Survey and Settlements, and the Revenue Commissioner in Mysore, respectively, furnishing their opinion on the subject

3. Letter No. 6279, dated 13th March 1919, from the Director Department of Mines and Geology, submitting certain suggestions on the subject.

Order No. G. 4838-50—Geol 58-18-8, dated 31st August 1920

Before the issue of the revised rules of 12th May 1920 for the grant of mineral licenses and leases, the applicants were required to submit, along with their applications, tracings from the topographical survey maps on a scale of one mile to an inch with the boundaries of the block applied for duly marked thereon When a license was granted, three copies of such plans were required to be sent to the Deputy Commissioners of Districts, one for being kept for reference in the Office of the Deputy Commissioner, another for being kept in the Taluk Office, and a third for being kept in the District Forest Office.

2 As the topographical survey maps had no reference to the Revenue survey numbers, the Revenue Department could not easily identify the survey numbers of villages included in such tracing and as a consequence, confusion was occasionally caused by the one Department making proposals for the disposal of land included in a prospecting license granted by the other in a manner inconsistent with the terms of such license Government therefore called for the views of the Director of Geology, as to the measures necessary to keep the Revenue Department informed of the details of survey numbers in regard to which mineral licenses are granted by Government. They have also before them the views in this matter of the Revenue Commissioner as well as the Superintendent of Survey and Settlements.

3. The three officers agree that no special steps are necessary to furnish details of survey numbers in regard to exploring licenses and mining leases, as the former extend, as a rule, over a whole district or districts, and the latter are invariably granted only after a detailed survey has been made of the block in each case but that in regard to prospecting licenses, it is desirable to arrange for detailed information being furnished to the Revenue Department and that it will be sufficient if the survey numbers included in each block are approximately ascertained, a detailed survey in each case being unnecessary.

4. Government concur in the view that no special measures are needed in the case of exploring licenses, but are of opinion that, in the case of prospecting licenses, and mining leases, it is necessary that the survey numbers included in the areas granted should be shown on the maps attached to leases and licenses. Necessary provision has accordingly been made in the revised rules for the grant of such licenses and leases published with Government Notification No. G. 25838—Geol. 57-18-20, dated the 12th May 1920 (*vide* Rules Nos. 19 (*a*) 23 and 41). Government are now pleased to issue the following instructions also in the matter.

(1) The maps attached to prospecting licenses will, in future, be based on the village maps of the Revenue Survey, where such are available and will show the

boundaries of the block and survey numbers included therein. The block will coincide, as far as conveniently possible, with the area shown on the extract from the topographical survey of Mysore submitted by the applicant, but the boundaries need not be straight lines and may follow the boundaries of survey numbers.

A schedule showing the survey numbers as shown on the village maps will be attached to the license.

(2) In the case of mining leases, a map will be prepared and attached to the lease which shall show the approximate (boundaries of survey numbers included within the mining block. The boundaries of the block shall be straight lines.

A schedule giving the survey numbers wholly or partly included within the mining block shall be attached to the lease.

(3) A copy of each lease and license granted will be forwarded, as heretofore, by the Director, Department of Geology, to the Deputy Commissioner of the District and spare copies of the map and schedule will be forwarded for record in the Taluk Office which will issue necessary instructions to the village officials for note in the village accounts.

5. In the preparation of the map of survey numbers referred to in sub-para (i) above, the Geological Department should take all precaution to see that the survey numbers and the topo extract submitted with the application correspond exactly, the position of a block being verified by local inspection whenever necessary. The survey numbers included in blocks being thus indicated it is expected that in making proposals for the use of any area for a public purpose, the Revenue Department will be able to avoid any interference with rights conceded under mineral licenses and leases in the Geological Department.

6. With regard to existing licenses and leases which do not show the survey numbers included within the blocks granted but which show merely the topographical features and the approximate positions of villages and village boundaries, the taluk authorities will take immediate steps to ascertain the mining leases and prospecting licenses at present existing within the limits of their jurisdiction and to note and issue necessary instructions to the village officials as to the villages wholly or partly included within such leases or licenses. Until such time as revised maps and schedules can be prepared, the taluk authorities will take necessary steps to see that no land belonging to Government which is likely to be covered by such license or lease is appropriated for any purpose without notice being given to the lessee or licensee and steps taken to ascertain whether the land in question is or is not included in the lease or license and whether the rights granted under the lease or license would be thereby prejudiced. In any case of doubt or the difficulty, the Director, Department of Geology, should be consulted.

7. Government consider that the extra charge involved in the preparation of the map of a block on the village maps should be borne by the lessee or licensee in each case and that he should also be required to furnish the necessary information to the Department of Geology to ascertain the survey numbers included in a block.

Government Order No. R. 12330-79—L. R. 370-18-1, dated 26th March 1919, issuing revised rules regarding the period of tour of Amildars and Deputy Amildars in each month.

2. Government Order No. 3444-93—E. A. G. 371, dated 5th March 1919, issuing revised instructions in regard to setting apart specified days and hours for receiving petitions and granting interviews.

3. Correspondence ending with letter No. C. 1458—19-20, dated 25—28th June 1920, from the Revenue Commissioner in Mysore, forwarding copies of letters from the Deputy Commissioners of Districts, containing their opinion in the matter of Amildars and Assistant Commissioners remaining at Headquarters in the first and third weeks of every month to afford facilities to petitioners and submitting his own views in the matter.

Order No. R. 2564-72—L. R. 224-19-14, dated 21st August 1920.

The proposals of the Revenue Commissioner are, that in order to afford facilities to petitioner to make personal representations, the Assistant Commissioners may be required to draw up in advance each month, programmes of their tour during the month, to send copies thereof to the Deputy Commissioners and to the taluks under their charge, and to affix copies on the notice boards of their offices and that, similarly, the Amildars may be directed to prepare in advance programmes of their tour and send copies thereof to their divisional officers and attach copies to the notice boards of the taluk offices. These proposals are approved. The officers should adhere to their pre-arranged programmes as far as possible and whenever they are compelled to deviate from them they should immediately prepare modified programmes and give timely intimation of these to their superior officers as well as to the public.

2. Assistant Commissioners should as far as possible, stop at their Headquarters during the first week and the Amildars during the first 3 or 4 days in each month, attending office punctually at the prescribed hours, so as to be available to the public.

3. Government further direct that the programmes of tour of the Deputy Commissioners should be similarly prepared and posted in a prominent place on their own office notice boards and copies thereof sent to the Assistant Commissioners and Taluk Amildars for being posted similarly on the notice boards of their offices.

READ—

Government Order No. R. 9494-6—Agri. 38-05-20, dated 24th April 1907, sanctioning a scheme for the organization of a Civil Veterinary department in Mysore, under the control of the Revenue Commissioner in Mysore.

2. Correspondence ending with letter C. 2806, dated the 2nd February 1920, from the Revenue Commissioner in Mysore, reporting that the department has not developed and progressed as well as could have been expected and submitting certain proposals for the improvement of both supervision and propagandistic work of the department.

Order No. R. 2044-55—R. M. 11-19-17, dated 12th August 1920.

In connection with the proposals received from the Revenue Commissioner, and in view of the recent appointment of a Live Stock Expert in the State, Government have considered the question of transferring the control of the Civil Veterinary Department, from the Revenue Commissioner to the Director of Agriculture in Mysore. The views of both these Officers on the subject have also been obtained. The Director of Agriculture considers that the transfer of the Civil Veterinary Department to the Agriculture Department and the vesting of its technical control with the Live Stock Expert, would add to the efficiency of the Veterinary Department, and the Revenue Commissioner has no objection to the change being tried.

2. Government concur in the view of the Director of Agriculture and are pleased to direct the transfer of the control of the Civil Veterinary Department from the Revenue Commissioner to the Director of Agriculture in Mysore. The necessary rules for the departmental procedure should be formulated by the Director and submitted for the orders of Government.

Government Order No. R. 7688—Ft. 147-14-6, dated 22nd January 1917, in the matter of removal by the raiyats of timber from forests other than those attached to the villages, and directing that a formal enquiry be made by the Deputy Commissioner and an assignment made if the claim is justified.

2. Letter No. 249, dated 9th April 1920, from the Conservator of Forests, stating, with reference to an enquiry why the Amildar should not be empowered to grant timber to the raiyats of one village from the forests assigned to another village and to avoid the unnecessary delay that is caused now, that, in his opinion, the delegation of the power to the Amildar would not bring about the required result, that the interest of the forests would be jeopardised and that the inconvenience complained of, will be removed by fixing a time limit for the disposal of such applications and by insisting on their presentation two months before the materials are required by the applicants.

3. Letter No. 1027, dated 2nd July 1920, from the Revenue Commissioner in Mysore, submitting the views of the Deputy Commissioners of Shimoga and Kadur, asking for an alteration of the rule and stating that the Malnad raiyats' special privileges rules make ample provision in the matter as the raiyats can exercise their privileges in the limits of their village forests or of District Forests situated in or contiguous to their villages in areas specifically assigned to them, and that in respect of villages which have no village or District Forests in their limits, the local officers may be asked to assign by a general order the district forests and the particular areas therein wherefrom the villagers can obtain the materials.

Order No. R. 2559-63—Ft. 179-19-5, dated 21st August 1920.

Government agree with the Revenue Commissioner and direct that in villages in whose limits there are no village or district forests, the local officers be asked to assign the forests and the particular areas wherein such villages can exercise the right.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 24th August 1920.

From

B. RAMASWAMAIYA, Esq., B.A., B.L.,
Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

To

K. R. SRINIVASAIENGAR, Esq., M.A.,
Revenue Commissioner in Mysore, in charge of the Office of the Excise Commissioner in Mysore.

SIR,

With reference to your letter No. Dt C. 836-19, dated 12th June 1920, enquiring whether an inamdar is entitled to a refund of the tree-tax on toddy-yielding trees in his village in cases where the trees are tapped for the Civil and Military Station, Bangalore, I am directed to state that Rule 9 of the rules referred to in the margin permit the refund of tree-tax on trees tapped in inam villages irrespective of the location of the shop for which they are tapped. In accordance with this rule, the inamdar is at liberty to permit the tapping of his trees for any shop in the State. But Government agree with you in holding that this rule cannot mean that such shop may be located outside the State limits. Since the inamdar has chosen to allow the trees to be tapped for the Civil and Military Station, Government are under no obligation to refund to the inamdar the Excise revenue of the inam village which has not been collected by them. In cases where the trees were tapped prior to the issue of the rule of 1916, the old rules (*i.e.* those of 1910) will apply. The same principles will hold good in the case of other similar cases.

Rules regulating inamdars claims to Excise revenue issued with Government Order No. Fl. 3697—S. R. 94-14-3, dated 30th December 1916.

I have the honor to be,
Sir,
Your most obedient servant,

Reports on the working of the Town Municipalities in the Mysore State for the year 1918-19.

No. R. 2470-82—Ml. 103-19-51, dated 20th August 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Read—

The reports on the working of the Town Municipalities in the Mysore State for the year 1918-19.

Order No. R. 2470-82—Ml. 103-19-51, dated 20th August 1920.

Twenty-nine Town Municipalities were working during the year.

2. The sanctioned number of Councillors rose from 460 to 492. On the 30th June 1919, the actual strength was 481 of whom 95 were *ex-officio* members, 177 were nominated by Government, and 209 were elected by the Municipal Councils. During the year under review, the Town Municipal Councils of Chikmagalur and Kolar had non-official Presidents; seventeen Municipal Councils had non-official Vice-Presidents, and the other had *ex-officio* Vice-Presidents.

(3) *Meetings and attendance.*—The total number of meetings held during the year was 493. Of these 72 had been adjourned for want of a quorum. The Councils met an average 17 times during the year. It is satisfactory that all the Municipal Councils held more meetings than the prescribed minimum. The attendance at the meetings was generally good; and in only six municipalities Seringapatam and Hole-Narsipur, Tarikere, Chamrajnagar, Maddagiri, and Sagar Municipalities it was less than 50 per cent.

(4) *Councillors.*—The marginally noted eight Municipal Councils had Managing Committees under Section 27 of the Municipal Regulations. In the Davangere Municipality the Managing Committee did practically no work for want of a Vice-President. The Deputy Commissioners are requested to issue instructions to the other Municipalities to form Managing Committees as they help the speedy disposal of Municipal matters.

Shimoga.
Shikarpur.
Davangere.
Chitaldrug.
Nanjangud.
Tumkur.
Chikmagalur.
Chintamani.

(5) *Rules and Bye-laws.*—The Municipal Councils of Tumkur, Bowringpet, Kolar, Gubbi, Hole-Narsipur, Nanjangud and Davangere, have framed rules and bye-laws under several sections of the Municipal Regulation.

(6) *Finance.*—The income and expenditure during the year, as compared with those of the previous year, are as shown below :—

	1918-19	1917-18
Income—	Rs.	Rs.
Octroi	1,74,069	1,68,848
Mohatarfa (including tax on vehicles) ..	46,078	42,630
Taxes on buildings	77,313	78,599
Other taxes	1,75,106	1,75,705
Total ..	4,72,566	4,65,782
Expenditure—		
Public works	86,674	81,065
Sanitation	1,16,353	95,577
Public institutions	3,303	6,012
General Administration including other items.	2,51,610	2,24,654
Total ..	4,57,940	4,07,308

No. R. 2470-82—Ml. 103-19-51, dated 20th August 1920.

(7) *Investment.*—During the year under review, the Municipal Councils of Tumkur and Tiptur invested sums to the extent of Rs.10,000 and 15,000 in the Myso-- Bank, in addition to the deposits of Rs. 37,625 and 41,010, respectively, in tl same Bank.

(8) *Incidence of taxation.*—The average incidence of taxation works out Rs. 2-7-7 per head of population. It ranged from eight annas in Mulbag Municipality to Rs. 5-1-1 in Davangere Municipality. The incidence exceec to Rs. 2 in 8 Municipalities.

(9) *Demand, collection and balance.*—The current demand under assesse taxes amounted to Rs. 1,46,604, of which Rs. 1,03,442 or 70·5 per cent was collecte Under arrears of previous years amounting to Rs. 1,02,077 a sum of Rs. 378 wa remitted and Rs. 35,116 collected, leaving Rs. 6,583 or 66 per cent uncollected at th end of the year. The collection work was fair in Tumkur, Davangere, Chikballa pur, Chamrajnagar, Sidlaghatta, Bowringpet, and Tiptur, but was particularl slack in Shimoga, Chikmagalur, Channapatna, Seringapatam, Nanjangud Chitaldrug, Harihar, Maddagiri and Kunigal. As regards collection of arrear particular mention has to be made of Seringapatam, Shikarpur, Birur, and Hole Narsipur, where no efforts appear to have been made for collecting them. Prompt step should be taken to remit all irrecoverable arrears and to collect the outstanding dues The Councils concerned should show greater diligence in this respect.

(10) *Revision of assessment.*—The Municipal Councils of Shikarpur, Hassan and Sagar have increased cart, shop, and house taxes, and attempts at the revision o certain taxes have already been made in Bowringpet, Hole-Narsipur and Kolar. Th attention of all the Municipal Councils is invited to paragraph 10 of the las year's review and every effort should be made, as directed therein, to see that the taxa tion is properly levied and equitably distributed.

(11) *Medical relief.*—In the local fund dispensaries and Vaidyasals in th areas under review 342,466 people were treated. The number of persons vaccinate was 6,859 as against 4,693 in the previous year, and 21 midwives attended to 1,91 labour cases.

(12) *Public works.*—Out of the total budget allotment of Rs. 1,11,800 unde public works a sum of Rs. 81,186 only was spent. The lapses were heavy in th municipalities of Shimoga, Chikmagalur, Channnapatna, Chamrajnagar, Sagar and Chintamani. It is however satisfactory to note that about 73 per cent of th allotment has been spent.

(13) *Sanitation and water-supply.*—Under this head the case of Seringapatam has to be specially mentioned. No steps as directed in Government Order No. R. 25430-32—Ml. 164-17-8, dated 20th May 1919, have been taken by this Municipal Council for the execution of certain works in connection with anti-malarial measures. The Municipal Council is requested to see that the works referred to in the Government Order indicated above are carried out promptly. In Shimoga, although a revised estimate for Rs. 1,02,626 was sanctioned in Government Order No. 13579-80—Ml. 127-17-10, dated 21st April 1919, to provide for additional fountains and for affording facilities for providing house connections yet the work has not been started. The question of financing the water-supply schemes for Mulbagal, Tumkur and Chikballapur is under the consideration of the Municipal Councils concerned. A scheme of water-supply to Chitaldrug Town has been put off on account of the abnormal rise in the price of materials required therefor.

(14) *Vital statistics.*—The number of births registered during the year was 3,728 against 3,898 in the previous year, while the number of deaths rose from 5,115 in 1917-18 to 11,458 in the year under review. Plague in 13 municipalities and influenza throughout the entire area was responsible for the heavy mortality.

(15) *Audit of accounts.*—The accounts have been audited by the staff of the Comptroller's Office and in some municipalities like Shimoga, Shikarpur, Chitaldrug, Hassan, Davangere, Chikmagalur, Chiknayakanhalli, Tumkur, and Nanjangud honorary auditors have looked into the accounts. No case of defalcation has been

reported except the one from Seringapatam where the defaulter was convicted the amount misappropriated having been recovered from him.

(16) *General.*—The administration of the Municipal Councils was generally satisfactory, and the non-official members evinced fairly keen interest in their Municipal affairs.

Correspondence ending with letter No. 46, dated 25th February 1920, from the Secretary, Board of Scientific Research, submitting a scheme for instituting scholarships tenable in the Indian Institute of Science, Bangalore.

Order No. 1992-5—Edn. 3-19-16, dated 24th August 1920.

The question of utilising the Indian Institute of Science in such a way as to obtain the greatest amount of assistance possible in the investigation of chemical problems connected with industrial development in the State and training for such work has been under consideration of Government for some time. So far there has not been any regular scheme of scholarships instituted for persons desirous of pursuing post graduate studies or conducting research work in the Indian Institute. The main items of work undertaken by the Institute are:—

(i) Investigation of chemical and other problems connected with the utilisation of raw materials and other resources of India for industrial purposes.

(ii) Training of students in advanced methods of research work and its application to industries and,

(iii) Assistance to industrialists in carrying on investigations and training men to be employed in such industries.

Government consider that the facilities at present afforded in the Institute should be availed of as largely as possible and are accordingly pleased to direct that six scholarships be awarded each year to students desirous of undergoing post graduate study or conducting research work at the Institute in the subjects that may be selected by Government from time to time and may be notified. The value of the scholarships will be fixed at Rs. 50 per mensem during the first year, Rs. 60 per mensem during the second and Rs. 75 per mensem during the third year. The selection of candidates will be made by Government on the recommendation of Committees constituted for the purpose. The scholars under training will be under the administrative control of the Director of Industries and Commerce who will keep himself informed of the progress made by the scholars.

Government consider that in addition to the scholarships, facilities should also be afforded to persons for carrying on investigation at the Institute into the possibilities of the development of industries in the State. The form of facilities to be given and the conditions of grant of the same will be settled in each case, in consultation with the Director of the Institute.

Necessary funds required for the grant of scholarships during the current year, will be provided by reappropriation from the funds of the Industries and Commerce Department.

Paragraph 3 of Government Order No. 9614-15—Edn. 308-19-5, dated 8th April 1920, calling for proposals from the Inspector-General of Education for awarding the Depressed classes scholarships in such a way as not to exceed Rs. 15,000 provided for Vernacular and Industrial scholarships and Rs. 6,500 for English scholarships.

2. Letter No. A. C. 1143 of 18-19, dated 11th May 1920 from the Inspector-General of Education in Mysore, submitting with reference to the order read above proposals for increasing the provision for Depressed Classes Scholarships.

Order No. 1336-7—Edn. 308-19-9, dated 5th August 1920.

The Inspector-General of Education states that the sum of Rs. 6,500 is too small for awarding scholarships to Depressed classes students in English classes and that in view of the increasing number of students of the community in English classes it is necessary to provide for an automatic expansion of the scholarship fund for this and the next 2 or 3 years. He has accordingly proposed—

(1) that Rs. 15,000 for Vernacular and Industrial Scholarships and the sum of Rs. 6,500 for English scholarships be lumped together as one fund,

(2) that the rates of the scholarships be reduced to two-thirds of those now current or even a half and

(3) that this scholarship fund be automatically increased by at least Rs. 5,000 for this and the next two or three years.

He has also requested that the scholarship amount may during the year 1920-21 be fixed at Rs. 30,000.

2. On a careful consideration of the proposals Government are pleased to direct that the maximum amount of the scholarships for Depressed classes students may be raised to Rs. 25,000 (Rs. 15,000 for Vernacular and Industrial education and Rs. 10,000 for English education).

3. As regards the revision of the rates of scholarships Government consider that with a view to encourage Depressed classes students to take to English education, it is necessary that the value of the scholarships should be sufficiently attractive, and are therefore not in favour of reducing the rates of scholarships tenable in the middle school grade of education. They do not think however that any special rates are necessary for the High School grade and accordingly direct that the rates of scholarships tenable in these classes including the Entrance class may be the same as those of the corresponding grades of backward classes scholarships.

4. The extra cost of proposals herein sanctioned will be met from the lump sum provision in the budget for Panchama Education.

Government Order No. 11961-72 —I. & C. 22-19-19, dated 22nd June 1920, passing orders on the scheme submitted by the Director of Industries and Commerce for the future working of the Home Industries in the Bangalore and Mysore Cities.

2. Letter No. Confl. 118, dated the 26th June 1920, from the Director of Industries and Commerce, submitting proposals for filling up the posts of the Superintendents of the Institutes and District Organisers.

Order No 1820-29—I. & C 22-19-20, dated 18th August 1920.

The Government have in their order referred to above directed that the two Institutes should be placed under the immediate supervision of a competent Superintendent and that there should be two District Organisers to develop home industries in the districts.

2. Pending the appointment of a full-time Superintendent, the Governmen are pleased to direct that Mr. R. Ananthasubramanya Iyer, Special Officer in the Industries and Commerce Department, be placed in charge of the two Institutes in addition to his duties as Special Officer. The Director is requested to relieve him of all office work at a very early date.

Government consider that the Superintendent of the Institutes should be a person having some special knowledge of minor and cottage industries besides some knowledge of mechanical engineering especially of the application of small machines for industrial purposes. Government will issue orders separately regarding the selection of a suitable officer to permanently take up the place.

3. As regards the District Organisers, Messrs. Lingapiah and Garudachar, who are now in charge of the Institutes at Mysore and Bangalore will be appointed District Organisers, on a pay of Rs. 100 each, the former being placed in charge of the four districts of Mysore, Hassan, Kadur and Tumkur, and the latter of the Bangalore, Kolar, Chitaldrug and Shimoga Districts.

4. The District Organisers should be entrusted with duties of a definite character. They should, among other matters, be required to pay particular attention to the following:—

i. To study the needs of each locality, to supply the workers with designs, raw materials and arrange for the facilities required by workers and help them to market their products through sale-rooms.

ii. To explain the object and scope of the Home Industries Institutes and enlist a body of workers likely to popularise the scheme in the districts and taluks.

iii. To bring the workers in the districts in close touch with the Central Institutes and enable them to obtain the help of the Institutes in improving their output and marketing the same.

iv. To collect detailed statistics of minor and rural industries extant in the districts.

v. To organise co-operative societies for home workers wherever possible and arrange for the supply of funds required by the members.

vi. Wherever necessary to see that the experts attached to the Central Institutes visit particular localities with a view to suggesting improvements of the industry or industries that may be carried on there.

5. The extra expenditure involved by this reorganisation will be met from the provision of Rs. 12,724 made for the Home Industries Institutes in the Budget Estimates of Industries and Commerce Department for the year 1920-21.

Copy of letter No. 24, dated 6th July 1920, from the Director of Mines and Geology in Mysore, to the Secretary to Government, Departments of Education and Agriculture.

With reference to Government Order No. 11808-10—I. & C. 53-19, dated 16th June 1920, I have the honour to forward herewith:—

(1) A statement showing the establishment now working under Mr. Morris.
(2) A statement taken from the Revised Budget for 1920-21, showing our probable requirements during the current year.

We may not be quite clear as to the terms 'Temporary Establishment' and 'Officials.' Technically, I believe that the whole establishment is temporary even though it includes officers and officials, who may be permanently included in Government service.

In the interests of efficiency and promptness, I desire to give the Superintendent, as free a hand as possible in connection with the employment and dismissal of labour and as to follow, as far as possible, the customary practices of mining work within budget limits. With a view to this, I have divided the establishment into two parts, *viz.*:—

A. Regular Staff.—Consisting of officers and officials to whom the Mysore Service Regulation, will apply in regard to employment, dismissal, allowances, etc., and whose pay will be drawn by the Superintendent, on monthly establishment bills.

In this connection, I may note that it is not convenient for officers and officials to draw the whole of their pay in camp and then transmit part of it to Bangalore.

I suggest that I should be permitted to pay a portion of the pay to the payees' representative in Bangalore from my Imprest with the Bank of Mysore. The amounts so paid by me to be shortdrawn by the Superintendent from the local Treasury.

The payee will, however, sign the Acquittance Roll kept by the Superintendent for the full amount of his pay and allowances and will accept all risks in connection with the payments made by me to his representative. The total amount of payments so made by me will be shown by the Superintendent monthly in his books as a credit. This will be a convenience to employees and does not appear to be objectionable.

B. Temporary Establishment.—Consisting of superior workmen, who may be taken on from time to time or dismissed by the Superintendent according to our requirements.

I propose that the Superintendent shall send me a monthly statement of workmen so entertained or dispensed with.

For the purpose of a Budget, I have put down the men likely to be required during the current year either for the whole or part of the time.

I have given them certain designations and I should have power to alter these designations or to increase one class of men at the expense of another within the budget limits of the section without further reference to Government

The men will, for the most part, be paid daily wages at such rates as may be fixed by the Superintendent within the limits shown in the budget estimates, the payment being made in cash at the Mine Office, just as in the case of ordinary amani labour and not on establishment pay bills. The Acquittance Roll, countersigned by me, will be sent monthly to the Comptroller.

A number of workmen on the Temporary Establishment have been put down as employed for six months. This is with a view to construction work on the Ropeway, Terminals, Inclines, etc., during the next working seasons at Kemmangundi. Their entertainment will of course depend on the arrival of materials and start of construction.

In my previous estimates, I budgetted for a Construction Engineer on Rs. 500, but I have omitted this item from the present estimates. Most of the work will be in connection with the Ropeway and Terminals and this will be supervised and charged for in the estimate for the Ropeway itself and if a Rock-breaker plant has to be erected, we could, no doubt, make an arrangement for the Engineer, supplied by the Ropeway people, to supervise this work also.

Rates for Mining Work.—As directed in the abovementioned order, the rates for labour and contracts will be fixed within limits sanctioned by me in consultation with the Superintendent. Under the present tentative conditions, it is not possible to fix these rates immediately. We have various scales under trial, but in some cases it has been necessary to grant bonuses in addition to the rates fixed and it is quite possible that, if much selection and sorting of ore is required in order to get the grade which may be demanded by the smelters, we may have to do most of the work by amani labour and exercise more detailed supervision than would be necessary on contract work. This whole matter is under consideration.

Bonuses.—Government have already sanctioned the grant of bonuses by the Superintendent under my sanction in order to avoid continual alteration of rates or general increase of rates which it would be difficult to reduce afterwards. From a practical point of view, it is not possible for me to give previous sanction for such individual bonus as the men have to be paid as soon after the close of each month as possible and the accounts made up and furnished to the Comptroller. All that will be possible for me to do is to arrive at certain general limits of action in consultation with the Superintendent and to modify these from time to time on criticism of the monthly payments, which the Superintendent has decided to be necessary. It is not possible to lay down hard and fast limits during the present development stage and we can only endeavour to reach definite rates and a definite policy by the time the operating stage commences To tie ourselves too closely at the present time would result in either scarcity of labaur or the fixing of higher limits than may be absolutely necessary with consequent increase of expenditure.

Advances.—We have found it necessary to give advances to contractors to get them to bring in labour and it does not appear possible to get on without some advances of this kind under present conditions. Both the Superintendent and I are anxious to reduce these advances as far as possible and we hope to practically do away with them, when the mines become better known and when contractors learn the character of the work required and what the rates mean. Suitable accommodation, when provided, with a local bazaar and other conveniences, will, in time, make the work more attractive.

At present, I am afraid, we cannot get on without giving some advances with the natural risk of some bad debts. Within limits, however, even bad debts are better than an idle staff and stoppage of work.

It is necessary for the Superintendent to have power to make advances as required without previous reference to me or to Government and I propose that the practice should

be recognized up to a limit of Rs. 2,000, for the amount outstanding at any time. An increase of this up to an additional Rs. 1,000 may be sanctioned by me, if considered necessary.

Travelling Allowances and Overtime.—With regard to this, I may refer to page 3 of my letter No. 81, dated 26th May 1920, and request sanction to the proposals made therein. The ordinary Government allowances will apply to the staff shown under Section A in the enclosed Budget Estimate and the proposals in regard to overtime and railage to the temporary establishment shown under B as well as to ordinary amani labour. The charges for overtime and railage will be met from the lumpsum of Rs. 4,000 for 'Travelling Allowances' or from the grant for any particular class of work to which it may be appropriate.

I trust that the foregoing proposals will be approved and sanctioned with a view to avoidance of unnecessary delays. If we find it necessary to substitute a good deal of amani labour for contract labour, the staff of Sub-Overseers or Maistries would have to be increased, but their wages would then come out of the grant of Rs. 50,000 for working expenses.

Establishment now working under Mr. Morris.

1. The Mining Superintendent, Rs. 600 plus Rs. 100 L. A.
2. The Assistant Superintendent (included in Budget of Geological Department).
3. Accountant and Store-keeper Rs. 70.

Government Order No. 9430-49—E. C 10-16-8, dated 8th December 1916, sanctioning a scheme for the publication of a weekly edition of the Mysore Economic Journal in Kannada in place of the existing monthly edition.

Order No. 1691-755--E. C. 37-20-1, dated 14th August 1920

The Kannada "Arthasadhaka Patrike" was started in the year 1915 as a companion of the English Economic Journal Later on, since 1st January 1917, the "Patrike" was converted into a weekly. The main object of the "Patrike" was to bring within the reach of the masses sound ideas on economic subjects, and to stimulate and develop economic activities in the State. These objects have been accomplished to a satisfactory extent during the past few years and the public have come to appreciate the usefulness and necessity of a paper of the kind.

2. With a view to handing over the Journal to private enterprise, tenders were invited from private persons willing to take over the concern, but the response not being satisfactory, Government have decided to utilise the services of Mr. M. Gopaliengar who has considerable journalistic experience in conducting the paper. The editing and publication of the Journal will be transferred to him subject to the following conditions :—

(i) Mr. Gopaliengar will be bound to conduct the Journal on the lines laid down by Government, but will have full latitude in other respects regarding the actual management of the Journal in order to make it popular and raise its level of usefulness. He will work under the general directions of the Secretary to Government, Departments of Education and Agriculture.

(ii) Articles involving criticisms of the policy of Government both local and imperial or on any other delicate question should be inserted only after obtaining the previous approval of Government

(iii) Mr. Gopaliengar will be permitted to deal with topics of general interest in the "Patrike" but not so as to materially detract from its avowed character as a paper dealing with economic progress.

(iv) He will be granted a subvention to cover any possible deficit in conducting the paper to the extent of actual loss sustained by him, provided that the scale of expenditure does not exceed the limits approved by Government and satisfactory accounts are produced to prove the exact loss.

(v) If, for any reason, Government consider that his conduct of the Journal is not satisfactory or hold that the conditions of the transfer have not been complied with, of which Government will be the sole judge, Mr. Gopaliengar will be given due notice to carry out the improvements considered necessary by Government and if he fails to do so the contract will be liable to be determined at the option of Government.

(vi) Mr. Gopaliengar will be at liberty to increase the subscription if necessary.

3. Mr. Gopaliengar will be required to execute an agreement embodying the above terms. The transfer will take effect from 1st September 1920 and will be in force for a period of two years, subject to further extension at the end of that term by mutual agreement and on terms to be decided upon at that time. He may during the pendency of the Agreement send the paper to subscribers franked on "Mysore Government Service."

No. 1691-755—E. C. 37-20-1, dated 14th August 1920.

4. With a view to providing facilities for starting work on the date fixed for the transfer, Mr. Gopaliengar will be supplied, at cost price, the existing stock of paper, present office equipment, necessary books of reference and a typewriter.

5. The Heads of Departments concerned with the material and moral improvement of the people and the Secretaries of the Central Boards of the Economic Coon ference will be expected to afford Mr. Gopaliengar every facility to obtain infrm-- ation on economic subjects and issue instructions to their subordinate officers to contribute to the Journal and use it as a medium for disseminating useful information.

Correspondence ending with letter No. 3707, dated 24th April 1920, to the Deputy Commissioner, Bangalore District, requesting him to invite the attention of the authorities of the Murgi Matt to the order contained in Endorsement No. 755, dated 9th August 1907, which was communicated to several Matts in the matter of the visit of the Swami of the Matt to Sivaganga, Nelamangala Taluk.

(2) Petition Registered No. 96, dated 18th May 1920, from the Lingayet residents of Sivaganga praying for cancellation of the order communicated to the Matt by the Deputy Commissioner on the ground that it was silent about the order of Government dated 12th December 1908, issued subsequent to the Endorsement, dated 9th August 1907, and that, under paragraphs 8, 9, 10 and 11 of the later order the present objection to the passing of the Swami of the Murgi Matt in procession with insignias in front of the Sivaganga Matt, was quite an untenable one.

Order No. 508—Muz. 635-19-4, dated 9th August 1920.

Government observe that Order No. 450-9—Muz. 65-08-9, dated 12th December 1908, merely lays down that the Matt has every right "to go in procession with the insignia along public streets, except to the extent to which such right may be in conflict with express orders of Government or Judicial decisions regarding the rights of other communities" and explains the instructions conveyed to the Deputy Commissioner, Chitaldrug District, in the Muzrai Secretary's letter No. 713, dated 9th August 1907, only in so far as temples are concerned. There is no mention in it of a Matt belonging to the same or any other sect. The order of 12th December 1908, cannot, therefore, be regarded as finally disposing of such cases as the present one. In the first place, it does not call in question, or dispute, the existence of the well-known customlong recognized and repeatedly affirmed by the Government, *viz.*, that the Swami of one Matt shall not pass in procession with music, etc., in front of the Matt of another Swami; and in the second place, as already stated, the Government Order of 12th December 1908, only refers to the Murgi Swami going in procession in front of temples or other places of worship and no mention is made of Matts at all.

2. Instances are not wanting too, which go to emphasise the great importance which has been attached to the *mamul* in question; and the Government Order of 12th December 1908, cannot be allowed to set it aside altogether.

3. Having regard to the great importance attached to this custom in the matter of one Swami going in procession before the Matt of another Swami even among Matts of the same sect, Government consider it very necessary to enforce a strict observance of this custom and to insist on complete reciprocity in this matter with a view to avoid a frequent source of inter-sectarian friction.

4. For these reasons, Government regret that they cannot allow the Murgi Swami to pass in procession in front of the Sivaganga Matt at Sivaganga though the Sivaganga Swami himself is not in residence there at present. Subject to this condition, there is no objection to the Murgi Swami going to Sivaganga if he wishes to do so.

5. The petitioners will be informed accordingly.

Revision of Staff attached to Krishnarajasagara Dam Works.

No. 600-604—3404-08, dated Bangalore the 19th August 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Read—

(1) Government Order No. 267-68—16-19-20, dated 16th February 1920, sanctioning revised scales of establishments for the offices of the Superintending Engineer, and the Executive Engineers of No. I and No. II Divisions, Krishnarajasagara Works.

(2) Notes by the Joint Secretary to Government, Public Works Department.

Order No. 600-604—3404-08, dated Bangalore the 19th August 1920.

On account of the gradual reduction of the scale of operations on the Dam Works since 1917-18, the question of the desirability of reducing the establishment charges has been under the consideration of Government for some time. Proposals having been called for from the Chief Engineer, Cauvery Valley Irrigation, that Officer submitted the following scheme:—

(1) The abolition of one of the two Executive Divisions now existing at the works, as most important and difficult works at the Dam have been completed and the remaining masonry works at both flanks could conveniently be supervised by one Executive Engineer with two Assistant Engineers, one for each bank.

(2) The shifting of the Head-quarters of the Superintending Engineer from Krishnarajasagara to Mysore to enable him to devote more attention to other Divisions with general supervision over the Dam Works.

(3) Granting a combined duty and locality allowance of Rs. 200 per mensem to the Executive Engineer on account of increase of his responsibility.

(4) Granting a similar allowance of Rs. 50 per mensem to each of the Assistant Engineers in addition to their usual local allowance.

(5) Continuance of the present rates of local allowance to the Executive and Clerical establishments stationed at Krishnarajasagara.

(6) Consequent redistribution of establishments as per detailed Proposition Statements on the matter.

2. Government observe that the works have now reached a stage in which the constant presence of a Superintending Engineer is not necessary at the Works, that there is no advantage in arranging for supervision of the operations by three officers and that there is no necessity to interpose a Superintending Engineer between the officer in charge of Dam Works and the Chief Engineer, Cauvery Valley Irrigation. Moreover, in view of the large capital outlay incurred on the Dam and allied works, effective steps have to be taken for the inception and execution of canal extensions or improvements and for further development of irrigation under the newly excavated and extended channels above the Reservoir, which would require the attention of a responsible officer.

3. After a full consideration of the circumstances of the work, Government are pleased to approve the following revised arrangements:—

(1) The Chief Engineer, Cauvery Valley Irrigation, will be in direct control of the Dam Construction Division for the present.

(2) The Superintending Engineer, with his Head-quarters at Mysore, will exercise supervsion over the remaining Divisions of the Circle and attend to the estimates and preparation of projects necessary for further development of irrigation, above and below the Reservoir.

(3) Mr. M. G. Rangaiya, now attached to the Krishnarajasagara Works, will be in charge of the Dam Construction Division with a consolidated allowance of Rs. 150 per mensem, the No. II Division on the North Bank being abolished.

(4) Two Assistant Engineers will be appointed under him as Sub-Division Officers with a local allowance of Rs. 75 per mensem.

(5) The revision of the establishment as shown in the detailed Proposition Statement, resulting in an annual savings of Rs. 6,384 in the establishment charges, is sanctioned.

4. The scales of establishments sanctioned for the offices of the Superintending Engineer, the Executive Engineer in charge of Dam Works and the two Sub-Divisions are shown in the accompanying Statements A, B, and E.

5. The establishment now employed under the Executive Engineers for the initial check of accounts and payment is transferred to work under the direction of the Executive Engineer placed in charge of the Dam Works as shown in the Statement C. The Comptroller is requested to transfer the permanent advance standing in the name of the Superintending Engineer to that of the Executive Engineer appointed to supervise the Dam Works.

6. The accounts staff now attached to the Superintending Engineer's office as shown in Statement D, will also be transferred to work under the general control of the Executive Engineer in charge.

7. The arrangements will come into effect immediately.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

The following review by the Revenue Commissioner of the programmes of Famine Relief Works for the year 1920, received with his letter No. C. Per. 130 dated 9th July 1920:—

"*Dates of receipt of the programmes.*—The dates on which the Famine Relief Programmes of the several districts were received in this office from the Superintending Engineers concerned are noted below:—

District	Officer from whom Programme is due	Date of receipt of Public Works Programme	Date of receipt of Village Works Programme

Chitaldrug	Superintending Engineer, Eastern Circle.	22nd Mar. ,,	16th Feb. ,,

Only the Public Works Programmes of the Kolar District and the Village Works Programmes of the Chitaldrug District were received within the prescribed time, *viz.*, on 1st March 1920. The Village Works Programmes of the Mysore and Shimoga Districts were received as late as 29th May 1920 and 28th June 1920, respectively, while the Public Works Programmes of the Mysore District and the Village Works Programmes of the Hassan District and of Malvalli and Krishnarajpete Taluks of the Mysore District have not yet been received in spite of several reminders, and therefore the information in respect of these districts could not be incorporated in the consolidated statements. The importance of the punctual submission of these programmes has been repeatedly emphasised. The very object with which they are prescribed will be frustrated if they are not submitted in time and the Deputy Commissioners concerned are again requested to give their personal attention to this matter, take severe and exemplary notice of the officials responsible for delay and make special arrangements for the prompt submission of the programmes of their districts on the due dates in future.

2. *Summary of programmes.*—The total number of projects of all kinds is 6,344 of an estimated cost of Rs. 5,72,45,277, out of which a sum of Rs. 3,98,98,820 is available for the employment of 59,84,82,300 units of famine. Particulars of the several classes of projects are given below:—

4. ***Number of persons to be provided for and the adequacy of programmes.***—Under Section 20 of the Famine Code, provision has to be made for the relief of 7,27,489 persons for six months, *i.e.*, for 13,09,48,020 units of famine labour. On an examination of the figures in the following statement, it will be observed that the provision under sanctioned Public Works is very poor in the Kolar and Hassan Districts, abundant in the Shimoga District and fair in the remaining districts. The provision made under sanctioned Village Works is throughout unsatisfactory, excepting Shimoga, where it is 30·4. The total absence of 'A' class works, *i.e.*, works passed and approved, in the Kolar District is very strange. The Deputy Commissioners concerned should endeavour to get more projects prepared and sanctioned. The sanctioned programmes provide only about 72·9 per cent of the total number of units required under the Famine Code, but the sanctioned and the emergency programmes together make ample provision in all the districts.

5. ***Defects in the programmes, Bangalore District.***—**The district abstract totals of works under each head are not given.**

No. P. W. 329-48—M. 1741-60, DATED 16TH AUGUST 1920.

Shimoga District.—The totals under column 10 of the emergency programmes are not correct. The programmes had to be returned thrice for noting corrections, but even then they have been resubmitted with errors.

VILLAGE WORKS.

Kolar District.—Information under columns 9, 10 and 11 have not been furnished in a majority of cases.

Mysore District.—The district abstract and the total are not given in Book II, Village Works, as required. The information found in Book II is very meagre and the programmes have been sent piecemeal. Form IV has not been prepared in the proper order. The names of persons ready to manage the works have been wrongly entered under column 10. These inaccuracies should be rectified and greater care must be taken in preparing the programmes.

6. *Persons available for famine duty.*—The following statement shows the number of persons available for famine duty in the several districts:—

7. Forms Nos. IV, IV (A) and Form No. III (Famine Statement) are forwarded herewith for the information of Government."

Order No. P. W. 329-48—M. 1741-60, dated 16th August 1920.

Recorded.

2. The necessity for prompt preparation and punctual submission of the programmes is impressed on the officers concerned year after year, but without any effect. During the current year, only two programmes were submitted by the prescribed date. The Public Works Programme of the Mysore District and the Village Works Programme of the Hassan District are stated to be still due. The Village Works Programme of the Mysore District is incomplete, the particulars for Malvalli and Krishnarajpete Taluks having not been furnished. The officers concerned should be called upon to submit these programmes in a complete form within one month, failing which the Revenue Commissioner may make a special report to Government with his recommendation as to what notice should be taken of the defaulting officer.

3. In the review now furnished by the Revenue Commissioner, no information is available as to whether delay occurs in the offices of the Executive Engineers and Deputy Commissioners, or in those of the Superintending Engineers. In future, the Superintending Engineers should be required to furnish the Revenue Commissioner with information as to the date on which each programme is received in their office, so that the same may be incorporated in the review.

4. The deficiency in the sanctioned Public Works of the Kolar and Hassan Districts still continues. The provision under sanctioned Village Works is unsatisfactory in all the districts except Shimoga. In the Kolar District, it is totally absent. The Executive Engineers concerned should immediately select a number of works for which projects should be prepared and sanction obtained in the next six months, and submit a list of the same for the approval of their respective Superintending Engineers. The Deputy Commissioners concerned should submit similar lists to the Revenue

No. P. W. 329-48—M. 1741-60, DATED 16TH AUGUST 1920.

Commissioner. On these lists being approved, necessary surveying and estimating should be put in hand and monthly progress reports of same submitted to the Superintending Engineers or the Revenue Commissioner, as the case may be.

5. The defects and inaccuracies pointed out by the Revenue Commissioner in some of the programmes should be duly rectified by the officers concerned, before the programmes are recorded.

6. The inspection report on the reserves of tools and plant, prescribed in Section 32 of the Famine Code, has not been received from the Superintending Engineer, Western Circle. He should expedite its submission.

7. A copy of the abstract statement (Form III) of the Famine Relief Programmes for the year under review is appended for information. The Revenue Commissioner is requested to furnish a revised statement including the figures relating to the programmes which are still due as stated in para 2 above.
